Notes from Our Director

Well folks we ended the year with our 12th Night of Christmas gathering at Frank's Olde Mill in Fayetteville. If you missed it, you missed a really fine time of fellowship and great stories about our cars. Our next outing will be Valentine's Day on February 17th. Look for both of these in this newsletter.

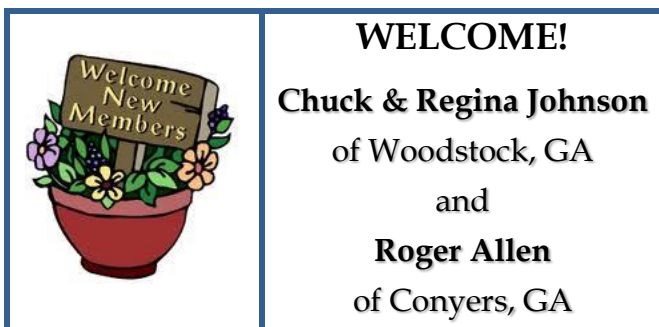

As we enter the New Year, we have several interesting tours planned. Many thanks to Dick Carne for his leadership on putting this plan together. In addition, our Technical Committee Chair, Tom Romine has planned to have a meeting once a quarter. This quarter we'll look at steering box repair and adjustment. Let Tom know if you have any ideas on what we can highlight in these meets. Remember that each host of these tours will need help in putting them together. So, contact them directly to lend a helping hand.

Finally, get your cars ready for the upcoming touring season. Make sure it's in good working order and test all your safety features. A successful tour is a safe tour where we have no breakdowns that could endanger you, others or your car by having repairs on the side of the road. Before the tour season, take your car out for short test drives and always look for those changes in performance that only you can detect. No one knows your car better than you do. If you have problems that you can't solve, make sure you reach out to another club member for help before the tours begin.

We're excited about this year and we hope you are too. Come on out!

See you down the road,

-Jim

WELCOME!

Editor's Note:

Well, our 2018 touring season is about to begin in earnest. First up is our Valentine's Day lunch in Woodbury, GA, at the Black Bird Café. Then there's the Race Track Adventure opportunity with Central Alabama in early March, followed by our tour to Savannah and Richmond Hill later that month.

We have new members to welcome, and one will be a new advertiser. Take a look.

Check out all the info inside, as well as lots of other features.

TWELFTH NIGHT

What a delightful time we had at our Twelfth Night luncheon on Saturday, January 6! We filled the upstairs room at Frank's at the Old Mill, which was still featuring festive Christmas decorations. Over forty revelers attended, and dined on gourmet fare fit for a king.

And speaking of kings...we honored a British tradition for the day by hiding a bean in one mini cupcake, one of which was set at each guest's place. Before ordering lunch the cupcakes were cut in half to search for the prize, and it was discovered by King Phil Meyers! As a reward, King Phil's lunch was paid for by the Southside A's.

Gwyneth Shotwell described the various traditions, including Epiphany or Three Kings Day, symbolized by the giving of gold, frankincense and myrrh, and the 12th day of Christmas, known for 12 Drummers Drumming. The tables were decorated with cards of a drummer boy, with the lyrics to the song inside, and golden mesh bags containing gold chocolate coins, and frankincense & myrrh incense, served as party favors.

After dining, a multitude of door prizes were handed out, with little Gary doing a great job of pulling tickets out of the hat. The assortment included tools, gift certificates from Model A vendors and other mechanical items, plus department store gift cards for ladies. A 50/50 was also part of the day, with the winner being Nive Atkins.

There was also an unexpected moment: Director Jim Wingo called Gwyneth up to the front to present her with MAFCA's Certificate of Merit for the 2017

Newsletter. It was a wonderful surprise.

We're thinking that Twelfth Night will turn out to be a nice annual tradition for after the holiday season. Our inaugural one seems to have been greatly enjoyed by all.

Monthly Member Photos: This month we begin a new feature that will showcase our wonderful members and their cars! (And don't worry if you don't own a Model A . . . we'll feature you as well)

Steve and Barbara Searock: The Searocks are relatively new to the Model A hobby, having acquired their 1929 Roadster, “Lilly,” after the passing of one of his uncles in 2015. They’ve really enjoyed being part of the Southside A’s, and Steve is especially appreciative of all the technical help that is forthcoming from our generous membership.

Barbara is also enjoying the hobby, even with a busy schedule as an RN specializing in cancer treatment and care. And as you can see, she’s even been bitten by the acting bug! Both of the Searocks have been taking part in the filming of an independent project that has featured several members of the club, along with their cars, for the past several months. We recently caught up with them at the Huey’s Homestead.

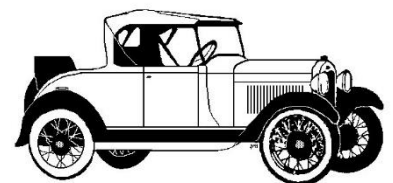

Of the several tours the Searocks have been on, Steve really enjoyed the trip to the Gold Mine in Villa Rica, while Barbara remembers the International Model A Day tour that went to the Black Bird Café in Woodbury, and included peach ice cream at the Fitzgerald Farm as well as a stop at the nearby covered bridge.

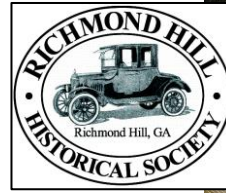

MYSTERY MEMBER!

Can you help identify the elusive Southside A’s member in the photo at the left? He’s well known to all of us, and is showing off one of his many talents in this lineup.

(If you’re stumped, turn to page 13 to find out!)

Beautiful Savannah and Historic Richmond Hill in March!

Arrival Thursday, March 22, departure Sunday, March 25.

Jim Wingo is spearheading our wonderful three-night tour, which will include a day in Savannah (Friday), with preferred parking (!), followed by a day exploring the Richmond Hill area (Saturday), where Henry and Clara Ford built a winter home. They also provided an elementary school, which today houses the museum, as well as providing medical and cultural amenities.

We will also venture south of Richmond Hill to the town of Midway, Georgia, to visit the historic Congregationalist church that dates back to Revolutionary times, and the local museum. The area was home to three of the Signers of the Declaration of Independence.

The advertisements in Motor are indexed. See Motor's Advertising Index, page XIX.

We'd like to introduce you to one of our new club members, and new advertiser in the Newsletter. Please welcome Chuck Johnson, who creates these wonderful wood gear shift knobs. You may have seen his flyer in emails from Bentley's Antique Auto Repair; in fact, Chuck donated one of his knobs as a door prize at Ben's annual Christmas Open House in December.

We wanted you to see his full-size flyer, with all the information, and then look for the smaller size format we typically use for all advertising in future issues.

As you may know, our advertisers do not pay for space in the Newsletter, but rather they donate goods or services at the end of the year for us to share with members in the form of door prizes, like at our Twelfth Night luncheon. Chuck has generously offered two of his custom knobs, valued at \$75 each, for the end of the year festivities. Thank you, Chuck.

ANSWER: The golfer in question is standing on the right and is our own Eugene Willingham! He was club champion at Newnan CC more than once. Thanks to Jackie Johnston for sharing this wonderful photo.
