**Editor's Note:**

As the rain pitter-patters (or pours!) down my window I realize how different summer is from my years in California. I've grown accustomed to this new reality...but maybe just a little bit less might be in order, as we want to get our in our A's.

We had great luck with Mother Nature for our Social at the Besch's, and again for viewing the cars on The Great Race heading through Newnan. Here's hoping we continue to dodge the raindrops for our tour to LaGrange this month, and for the Moonlight Tour in August. Stay tuned!

--Gwyneth Shotwell

## Notes from Our Director

Well June has slipped by us and we are well on our way to the Fourth of July. June was highlighted when the Besch's hosted our Summer Social at their home. We had an excellent turnout. This took a lot of time and effort on their part and I would like to extend our thanks for a great afternoon. Teri's well attended tour to the Holiday Dorsey Fife Museum was especially interesting.

We continued throughout the month with our weekly ice cream socials and they have been well attended with cars and people enjoying the Summer evenings at Culver's in Newnan.

I note with interest that June also is the traditional month for marriage and we have a number of members this month celebrating their wedding anniversaries. Congratulations to all of you. How many of us have used our cars in our personal lives in wedding? It seems that this happens to me quite a lot. Our cars become part of our lives and a part of our family's memories. I have used my cars in friends, neighbors, nieces and my oldest daughter's weddings. All have been different some traditional, some unusual and some for different cultures, but they all had one thing in common, the joy of driving the lucky couple on their first ride as husband and wife. If you haven't used your car yet for this special occasion I would highly recommend it.

Congratulations to all those members celebrating their life together this past month. Here's a picture of my Daughter's wedding six years ago.

Now, I need to go get my car ready for one of my niece's weddings planned for the 4th of July!

In the meantime, see you down the road,

-Jim

## Tour of the Biblical History Center, Lagrange Georgia

**Saturday July 15, 2017**

### **Evite was sent out on June 2....don't forget to respond!**

This will be a wonderful outing both in terms of a driving tour, but also a fascinating "step back in time." This museum is unique in that they one of the only venues to house authentic artifacts from Israel, for which they have been given special permission. Don't miss this special opportunity for an immersive historical experience.

---

### **And a good time was had by all....**

The Southside A's Summer Social was once again hosted by Ray and Teri Besch, who made this a day to remember. After gathering at their home in Peachtree City, dropping off all manner of tasty goodies, and visiting about everything under the sun, we hopped in our Model A's for a picturesque drive, led by Teri (with Kim Wingo assisting with navigation!).

Our destination was Fayetteville and the historic Holliday-Dorsey-Fife Museum. A very brief history of the home, from the website, says: *The Holliday Dorsey Fife House was completed in 1855 by Dr. John Stiles Holliday, a physician of Fayetteville. Dr. Holliday was a trustee of the local Fayetteville Academy and allowed students and faculty to board in the house while attending the famous school. One of those boarders was Annie Fitzgerald, grandmother of Margaret Mitchell. The Holliday family lived here until after the War Between the States, at which time Dr. Holliday sold the house to his in-laws, the Ware family.*

It's worth a visit to listen to the informative docents as they fill in the complete history, and to view the exhibits that also tell the history of the surrounding area.

After our visit we headed back to the Besch's where Ray was hard at work as the Master Grill Chef. The hot dogs

and hamburgers added to the groaning board, made all the heavier with yummy cast iron cookery by

Linda and Paul Beeghly for apple crisp and the best baked beans you will ever eat! The crowd of nearly 30 did not go away hungry, needless to say.

It was a perfect leisurely morning and afternoon spent with friends. Thanks again to Ray and Teri for their generous hospitality.

Those in attendance: Bob & Cheryl Simpson; Fred & Kathy Huey; Mike & Gwyneth Shotwell; Ray & Teri Besch; Jim & Kim Wingo; Larry & Jackie Peterson; Jim & Ann Hunter; Tom & Betty Miller, Charlie & Barbara Biggs; Terry & Neva Atkins; Paul & Linda Beeghly; Rom & Liz Romine; Frank & Mary Helen Benford; Dick Carne & Pam Rader.

**ICE CREAM NIGHTS!** We've gotten off to a fine start with our Spring/Summer ice cream get-togethers. Culvers in Newnan is a great venue, with parking facing the main street...all the better to show off our A's!  
Join us Thursday evenings at 7:00 (earlier if you want to have dinner there). You know you want to satisfy that sweet tooth, don't you?

On Sunday, June 25, a group of Model A-ers, AACA and Corvette club members and friends gathered in the parking lot at the Coweta County Justice Center in Newnan to watch as the contestants in the **Great Race** whizzed by. One by one, at timed intervals, they passed on their way to the town square of Newnan for their lunch break.

They began the race a couple of days before in Jacksonville, Florida, and will ultimately cross the finish line in Traverse City, MI. The star of the caravan was undoubtedly our own **TAYLOR MERRILL** with his navigator and friend Noel Duncan. They went by in his distinctive Model A to the

cheers of the onlookers.

Thanks to Bob Simpson for his fast photography work!

Model A friends, Ed & Katie Herrick, met up with Taylor and his granddaughter the next evening in Bowling Green, KY, after seeing him in Newnan.

## INTERNATIONAL MODEL A DAY, SEPTEMBER 16, 2017 PATCHES!

Once again, Jim Johnston will be ordering patches to commemorate International Model A Day. He will place an order for 20 of the 3-1/2" embroidered patches at \$3/each. If you would like one, first come first served, contact Jim at [JamesRJ@charter.net](mailto:JamesRJ@charter.net).

**Featured Photo of the Month:** (As with 2016, we will be featuring photos that glorify the Model A in all its varied styles, and enhanced by beautiful or intriguing settings. Keep track of your favorites throughout the year and we will once again take a tally and announce the winner for "Miss 2017.")

JULY

**Annual Moonlight Tour, Saturday, August 12**

Our Moonlight Tour will once again take us along the lovely back roads in our beloved Model As, with our destination being Barnstormer’s Grill at Peach State Airport in Williamson, GA.

Candler Field Museum is in the same building, so we may be able to check that out as well.

Our route is still in the works, so watch for an email with further details. This is always a fun outing with lots of participation, so you don’t want to miss out!

If you have any questions, you can contact the Shotwells at 770-463-2630, or [gwynshot@aol.com](mailto:gwynshot@aol.com).

### Tech Tip from Ray Besch

**(EDITOR'S NOTE: This is part of our new feature where our members share their real-life experiences with their A's.)**  
I was having a problem with my new radiator. It has a baffle and I cannot tell what the level is. I was constantly putting coolant in and blowing it out.

Following a lot of head scratching and talking to others with similar problems it seems putting a nail in the overflow tube and the problem was minimized. This seemed like a Band-Aid not a solution. The problem is that at high RPM's the circulation raised the fluid level in the upper tank over the top of the overflow tube.

Other solutions were to add an inline thermostat, or a washer the same size as the ID of the upper radiator hose. Both of these slow down the fluid flow and could help.

The real issue is the overflow tube is cut too short. This allows fluid to be blown out when the fluid level increases while driving.

So let's fix the problem. All that is needed is a 3/8" tube about 2" +/- long. This can be found at most hardware stores. I used brass tubing. You will need to determine the exact length. All radiators will be different. You may also need to bend your overflow tube to allow the tube to slide down. I had to adjust the tube after the fix to allow my thermal quail to close properly.

Example of brass tubing before being cut to size.

Looking down in radiator before new insert installed.

Brass tubing insert installed.

This fix will not compensate for a clogged radiator, bad head gasket, etc. If you are frequently adding fluid and think all other areas are in good shape, inserting a small nail in the tube is a way to test the issue. If it solves the problem, this should eliminate the problem. **If you have any questions, don't hesitate to give me a call.**

Good luck and happy motoring.

**Hear ye! Hear ye, all Southside tinkerers, we want you to share your real life fix-it experiences with others. Small or large, let us know what has worked for you.**

## MAFFI UPDATE:

# 7<sup>TH</sup> ANNUAL MODEL A DAY AT THE GILMORE CAR MUSEUM

**September 16, 2017 @ 9:00 am – 6:00 pm**

Gilmore Car Museum / Model A Ford Museum  
6865 W Hickory Rd  
Hickory Corners, MI 49060

The Gilmore Car Museum is the proud home of the [Model A Ford Museum](#), the world's largest museum dedicated solely to the Model A! On Saturday, September 16th, hop in your Model A and head out to the Gilmore Car Museum for the **7th annual Ford Model A Day** and celebrate the heritage of a trusty American car with friends and family.

Special events and activities will be held throughout the day including a swap meet, a Model A Hall of Fame induction, special seminars, and more! Bring your Model A or come as a spectator, this show and swap meet will be sure to please as hundreds of Model As gather in Hickory Corners, Michigan on the Gilmore's Historic Campus.

**Spectator Admission: \$12.00/person, children 11 and under free**

**Model A Exhibitor: \$10.00**

**MAFFI Members: Free to the Gilmore Museum**

For more information, please visit [www.MAFFI.org](http://www.MAFFI.org) Or contact:

## **SWEET HOME ALABAMA TOUR, FLORENCE, AL. AND ENVIRONS**

We are putting the finishing touches on his year's "Sweet Home Alabama Tour" **October 18-21, 2017**, with departure for home on Sunday morning October 22. The following is a draft outline of the tour: Wednesday Oct 18, registration and welcome dinner. Thursday Oct 19, a tour of the Natchez trace with a stop at the Tupelo car museum, lunch, tour of local attractions, and return on the trace. Friday Oct 20 a road tour to Lawrence County, Tennessee, a stop at the Big Red Store, lunch at the historic David Crocket restaurant, a tour of Amish country and return on the Natchez trace. On Saturday Oct 21 a visit to the Alabama Music Hall of Fame, the Tuscumbia Railroad Museum and the General Joe Wheeler home. In the evening we will conclude with the "Farewell Dinner."

The host motel is the **Coldwater Inn**, 712 Hwy 72 W, Tuscumbia, Al 35674 Telephone number (256) 383-6844, tour rate \$79 plus tax, breakfast included. You can go ahead now and make your motel reservations, tell them you are with the Sweet Home Alabama tour to get the special rate. We should have the tour information packet and registration form completed within the next 3 weeks. It's going to be another great tour -- Paul

## FASHION FINDS... *By Gwyneth Shotwell*

(Since Mike and I just recently joined the grilling set (our first gas grill, if you can believe it!) it's apparent that wearing an apron may come in handy and even be a necessity once we're doing sauced and fiery cooking. This article by Harriet McNiell on the MAFCA website seemed an appropriate choice for this month.)

Aprons have been around a long time but there are lots of choices today.

They appeared in Medieval and Renaissance paintings and mostly looked like they were rectangles of cloth. Today they are more of a fashion statement but just as utilitarian. In the past people did not have the luxury of a large wardrobe nor did they have the laundry facilities as we have today so aprons served the purpose of covering your dress to protect it from soiling. The apron could be washed every couple of days or more often whereas the dress under the apron maybe only was washed once a week.

Aprons followed the lines of the dress during the 1920's, long and no waistline. During later years, they were sometimes cinched at the waist.

Up until the 1940's large quantities of flour and chicken feed arrived in cotton sacks and were durable enough to withstand washings and rough handling. The sacks came in bright, colorful, floral patterns. If the apron had seen its better day, the best parts were cut out and used for quilts. No wasting in those days!

*Montgomery Ward, F/W 1928*

I always thought an apron was an apron, but they had

different names:

Full apron – covers the whole front

Half apron – tied at the waist, no bib

Princess apron – full apron with bib and skirt, cut in one piece and no waist seam. This style was very popular in the 1920's and 1930's.

Pinafore – bib style that covered the chest and fastened with a pin, thus the name

Pinny – British slang for pinafore or apron

Hostess – 50's term for a half apron, dainty fabric and made for show

Bib – top portion of apron that covers the chest and made from a simple square

Smock – more like a dress. Popular for painting and gardening

Cobbler – covers front and back, generally straight with ties or buttons at the sides

Chef's – one piece with straight 'skirt' and bib. Ties in the back

---

**NOTE:** Our **Ladies Fashion Meet** is shaping up and will be a fun opportunity to get inspired with Era clothing in a relaxed and easy atmosphere. Mary Helen Benford will be hosting us at her 1930's home in Roanoke where she will not only share resources she has found, but will also be entertaining us with a lovely luncheon/tea; we'll be able to talk about what we've seen and heard over sandwiches, salads and dessert.

**With your membership you will receive a club membership I.D. card and the *Model "A" News*, our BI-monthly club magazine. In addition, each member is entitled to a free 40 word classified ad in each issue of our international publication, the *Model "A" News*  
(A good source of parts and information you may need for your car).**

### Model A Restorers Club Purpose:

The purpose of the Model "A" Restorer's Club is to encourage its members to acquire, preserve, restore, exhibit, and make use of the Model "A" Ford vehicles (models 1928-1931) and all things pertaining to the historical information, and to promote the introduction of ideas and fellowship among its members.

### The Southside A's Newsletter:

The **Southside A's Newsletter** is published monthly by the Southside A's Model A organization, members of the Model "A" Restorers Club, and is distributed by the club's members and selected others. Non-copyrighted materials contained herein may be reprinted if credited to The Southside A's Newsletter. Reprints of copyrighted articles must have the approval of the original author. Views expressed herein do not necessarily reflect the views of the Southside A's Board of Directors or the National Model "A" Restorers Club.
