## Notes from Our Director

I suppose I could write this letter about all our upcoming and exciting events. However, events have intervened this past week to take my mind off of our mutual interest in Model A's. I hope you don't mind if I indulge in a little reflection on our place in the world and how fragile it is for us all. Let me start by saying that our hearts go out to Kathy and Fred Huey on the passing of Kathy's father Patrick. We know that he is at peace with the Lord. Secondly, as some of you know, Ray Besch is in hospital with a blood infection. While he is improving slowly, his recovery will be a long one. We are all praying for Ray's complete recovery, and our prayers go out to Teri and the entire Besch family.

On top of these two sad events, we as a nation have seen the tragedy being played out on the coast of Texas. Millions of people have been impacted by Hurricane Harvey. An unprecedented storm that still has not fully dissipated. We need to pray for all those people in the path of this devastating storm. We should also be inspired by the countless citizen heroes that have gone to the aid of their fellow citizens. We can only marvel at a civil society that has the heart of Texas. A name derived from Native American "Tejas" which means friendship and ally. It is that sentiment that has been on display in the aftermath of Harvey. What we are witnessing in Texas is the best of America. Besides praying there are many other ways we can help those that have lost everything, each of us must search our hearts on how we can best do this. I would like to challenge all of you to help in the recovery efforts. Here is a list of vetted charities that has been approved by the State of Georgia: <https://txvoad.communityos.org/cms/node/104>.

Perhaps next month my letter to the membership will be more cheerful than this letter, but needless to say it won't be as important.

See you down the road,

-Jim

# MOONLIGHT TOUR REVISITED

By Gwyneth Shotwell

Mike and I really enjoy leading the annual Moonlight Tour. It's fun to search for a route to travel that is both picturesque and relaxing. On this year's outing we managed (mostly by luck, I'm sure) to include several tree-lined roads that provided cooler temperatures on what is always a warm day.

After gathering at the south end of Peachtree City, five Model A's and two modern cars headed out, with our destination being Buckner's Family Restaurant in Jackson, GA.

Fun Buckner décor.

When we arrived we were led to two large round tables tucked at the end of one of the dining rooms, and we almost felt like we had our own room. As

usual, the Lazy Susans were filled with all the Southern goodies we love and look forward to from Buckner's.

There was much talking and general conviviality from our group of sixteen. It was nice to have the Hunter's son, Jimmie, and his wife Jessie join us, too.

The line-up.

Dick gives his A a little tweak.

After we'd had our fill and ready to relax, I made a short presentation in honor of Left Hander's Day (August 13<sup>th</sup>) to the two eligible members of our group. Bob Simpson and Tom Miller both received a card acknowledging that they were "all right" with the Southside A's, along with photos of notable left handers, from Leonardo de Vinci to Kermit the Frog (yes!)

We made way for all the other hungry customers waiting in line for their turn, and headed for our cars. The usual small crowd of Model A onlookers got to visit with several of us, before we headed for home. Another Moonlight Tour accomplished.

Jessie & Jimmie Hunter

**Attendees: Mike & Gwyneth Shotwell; Eugene & Kathleen Willingham; Tom & Betty Miller; Bob & Cheryl Simpson; Dick Carne & Pam Rader; Tom & Liz Romine; Jim & Ann Hunter, with Jimmie & Jessie Hunter.**

## MODEL A DAY – SEPTEMBER 16!

We are in the last minute preparation for Model A Day, Sept. 16, 2017 and hope that many of you have made your plans to attend. In addition to the new displays in the museum, including a 1931 Standrive Milk Truck, a right hand drive Phaeton produced in England, and a Russian built GAZ engine, the museum will have a couple of interesting and rare vehicles displayed outside, weather permitting.

This year's technical seminars will be on Front End Assembly and Repair, Installing a Cell Phone Power Outlet in 6-volt Model A, Roadside Troubleshooting, Model A Accessories. And for the ladies there will be a fashion seminar, "Vintage in Style; From Pouch to Purse." (There is a small charge of \$5/person for each seminar.)

Last but not least is the all-day swap meet and the membership meeting and Hall of Fame ceremony!! Don't forget to bring your MAFFI membership card for free admission to the museum.

Thank you for your continued support of the Model A Ford Museum.

Loukie Smith, MAFFI president

## JACK ADAPTER

### Tech Tip from Ray Besch

**(EDITOR'S NOTE: This is part of our new feature where our members share their real-life experiences with their A's.)**

How many of us carry a jack in our Model A? If you have a Model A jack did you actually tried to use it on your car. I traveled with a friend that had a flat and was surprised to find that his model A jack was functional but would not lift his coupe.

Well I had a bottle jack and we changed his flat. Now another issue he had his spare in the rear stock location and also a trunk rack and trunk. If you have this combination check and see if you have a lug wrench that will take the spare wheel off. If you don't have a 90 deg. set-up you will need to take your trunk off.

I have found a bottle jack works well. Also a sizzor jack can work. The best sizzor jacks can be found in a salvage yard from a modern truck.

To steady my bottle jack I have added a home made adaptor. It's made from two pieces of scrap tubing welded together. The "U" shape is approx. 4" dia. This slips over the lift tube on the bottle jack and saddles the front or rear axles quite well. The tube that slips onto the jack will need to be sized to fit your jack.

Happy Motoring, I hope this helps from having that oh #%!\$& moment on the road side.

**Hear ye! Hear ye, all Southside tinkerers, we want you to share your real life fix-it experiences with others. Small or large, let us know what has worked for you.**

# EUFAULA CHRISTMAS TOUR OF HOMES

DECEMBER 2, 2017

Dick Carne is making plans for the Southside A's, and other interested clubs, to travel to Eufaula, Alabama, the first weekend in December to enjoy the annual Christmas Tour of Homes. There are at least six homes slated for this year's tour (as we get closer to December, more may be added). At present, there will be the Shorter Mansion, another home from the "turn-of-the-century", three cottage-style homes, and at least one other, more contemporary-styled home on this year's tour. Daytime tour rates are \$15.00 per person. He anticipates that we will make our way over to Eufaula that Saturday morning (December 2nd) leaving around 8:30 or 9:00, and return the next morning after breakfast.

Dick has also been in contact with the *Quality Inn* in Eufaula, and has made arrangements for us to stay on the evening of December 2nd, at a group rate of \$60 for a single king-sized bed, or \$65 for two queen-sized beds. The *Quality Inn* will hold a block of rooms for us at these rates until **October 31, 2017**. Anyone interested in joining us for this event and staying with us at the *Quality Inn* may do so by providing them with our group reservation name of 2017 - Model A Ford. According to the representative with whom I spoke at the Eufaula Heritage Association, "the *Quality Inn* is one of the closest motels to the Shorter Mansion, and it always gets good reviews".

Mark your calendars, reserve your room, and watch for further information!
